

## AGUINALDO'S ORDERS.

Leaders of the Revolution Must Cease All Attempts at Pacification.

### HINTS MYSTERIOUSLY AT A COUP.

Philippine Commission Engaged in Taking Testimony Concerning the Conduct and Policy of the Friars.

Manilla, Oct. 22.—The Philippine commission has passed a bill appropriating \$475,000 gold for the payment of expenses incurred for the benefit of the insular government during October. The bill goes carefully into detail regarding the items of expenditure throughout the archipelago.

Judge Taft, president of the commission, has been engaged for some time in taking a mass of Filipino testimony concerning the conduct and policy of the friars, this being a continuation of the investigation which began with the depositions of bishops and members of the monastic orders. The statements of the Filipinos go to show that the friars, under the Spanish regime, greatly abused their limitless political and religious powers over the community, and that this abuse of authority often led to immorality. All the testimony offered by the Filipinos shows that they do not desire the return of the friars to the parishes.

Senor Buencamino has received what purports to be a letter from Aguinaldo, ordering the former leaders of the revolution who are now in Manila to desist from the formation of political parties and to cease all their attempts at pacification. The letter mysteriously hints that plans are making among the armed men in the field, and describes these as "best for the country." Senor Buencamino declares that the letter is genuine.

The military situation was comparatively quiet last week. The commission, the military authorities, the Filipinos and the foreigners are awaiting the result of the presidential election in the United States. Many persons assert that, whatever this may be, it will have no immediate effect upon the armed situation in the Philippines, and that disorders and guerilla attacks will continue for a time.

### To Independent Voters.

Chicago, Oct. 22.—The American Anti-Imperialist league issued an address to "all independent voters in the United States," asking them to support William J. Bryan for president. Among the names attached to the document are those of George S. Boutwell and William Lloyd Garrison, Boston; Judson Harmon, Cincinnati, ex-attorney general; Charles Elliot Norton, Harvard university; Edward M. Shepard, New York; John J. Valente, president Wells-Fargo Express company; United States Senator George L. Wellington, Maryland, and ex-Congressman John Dewitt Warner, New York. The signers say they did not vote for Mr. Bryan in 1896, but that they regard with profound apprehension "the course of the present administration in Porto Rico and the Philippines."

### John Hay, LL. D.

Princeton, N. J., Oct. 22.—Commemoration day exercises of the one hundred and fifty-fourth year of the founding of the university were held in Alexander hall before a very large audience. The board of trustees and faculty, led by President Patton, Secretary of State John Hay and Bishop Henry Yates Satterlee of Washington, marched in a body to the hall. President Patton made an introductory address, followed by Bishop Satterlee. President Patton conferred the degree of doctor of laws upon Mr. Hay, on whom the official gown was placed by Professor Libby. Mr. Hay then made an address.

### Trafalgar Day.

London, Oct. 22.—Trafalgar day was celebrated throughout England in the usual fashion. Nelson's column in Trafalgar square, London, was decorated with beautiful wreaths. There was a municipal procession at Liverpool. Nelson's flagship, the Victory, was hung with wreaths at Portsmouth. At Rottingdean Mr. Rudyard Kipling addressed a meeting and dwelt upon the importance of maintaining a strong navy.

### Fell From a Window.

Quincy, Ills., Oct. 22.—Joseph E. Tallis, a newspaper man of Tennessee, who wrote under the name of Ray Raymond, was killed by falling from a third story window of a hotel. The presumption is that he fell asleep on the window sill, as the body was found in the hotel alley arrayed in night clothes. The skull was crushed.

## LOOK GOOD TO ADLAI.

Discusses the Chances of the Democrats—Political News.

Chicago, Oct. 22.—Adlai E. Stevenson, who returned to Chicago from his campaigning trip through the eastern states, spoke encouragingly of the Democratic activity in the states through which he had passed. Mr. Stevenson made the flatfooted declaration that the Democrats would carry Indiana, and he added: "Ohio should be put down as very likely to give its electoral votes for Bryan. To my mind the two great doubtful states which lean more strongly to the Democratic than to the Republican side in this fight are New York and Ohio." In an estimate of the situation Mr. Stevenson classed the following states as doubtful: Illinois, 24; Kansas, 10; New Jersey, 10; New York, 36; Ohio, 23; South Dakota, 4; Washington, 4; West Virginia, 6; Delaware, 3; total, 120 votes.

### Hanna's Opinion.

Chicago, Oct. 22.—Senators Hanna and Frye arrived here from Omaha, Neb., where the concluding meetings were held of their week's tour of Minnesota, South Dakota and Nebraska. Senator Frye will probably leave for New York, while Senator Hanna will devote most of the coming week to speechmaking in Chicago, with Joliet, Ills., and Milwaukee also on his itinerary. Senator Hanna was almost worn out from his week's traveling and was suffering considerably from rheumatism. He was driven to his apartments immediately upon his arrival. "I have taken South Dakota out of the doubtful column," said Senator Hanna. "There is no doubt in my mind that its electoral vote will be cast for McKinley. Personally, I thoroughly believe Nebraska will also go for McKinley."

### Roosevelt in Trim Shape.

New York, Oct. 22.—Governor Roosevelt spent Sunday at his home at Oyster Bay, quietly resting from his labors after his trip through the west. He received no visitors at all except Private Secretary William J. Youngs, who had a conference with his chief. Mr. Youngs said he was surprised at the fine condition of the governor. He was suffering from his throat somewhat but not to such a great extent as was feared. The governor left Oyster Bay this morning, going direct to New York, and commenced his last tour of the campaign.

### Bryan in West Virginia.

Huntington, W. Va., Oct. 22.—Hon. William J. Bryan began his second tour of West Virginia in this city today. He arrived here from Pittsburgh, via Columbus, and was greeted by a great crowd. In his speech he discussed the trusts and imperialism. Mr. Bryan will spend three days in this state.

### Diamond Jubilee.

Terre Haute, Ind., Oct. 22.—The Sisters of Providence of the United States will celebrate this week the diamond jubilee of the establishment of St. Mary's institution, the home of the sisters, located here, and the foundation of the order. Several hundred alumnae of the institution will be here, 50 coming from Indianapolis and many from other cities. The celebration will last three days.

### Youtsey's Fate.

Georgetown, Ky., Oct. 22.—Henry E. Youtsey, charged with the murder of William Goebel, was found guilty and his punishment fixed at life imprisonment. The defense immediately filed a motion for arrest of judgment and Judge Cantrill set it for hearing on the second day of the February term of court. Meanwhile a jury may be impaneled to inquire into Youtsey's sanity.

### Vanderbilt University.

Nashville, Oct. 22.—The first exercises in commemoration of the twenty-fifth anniversary of the opening of Vanderbilt university were held at the chapel of the university. Bishop E. R. Hendrix of Kansas City preached the commemoration sermon. Bishop Hargrove, president of board of trustees of Vanderbilt university, spoke of the founders and organizers of the university.

### Strangled in Oil.

Fostoria, O., Oct. 22.—A. C. Collins of Bradnor lost his life while performing his duties as gauger for the Paragon Oil company. It is supposed that while standing on top of a tank and stooping over with his gauge pole he slipped and fell into the 15 feet of oil, where, unable to get out, he strangled.

Brussels, Oct. 22.—The Independent Blege, which considers the Anglo-German agreement directed against Russia, "whose influence in the east is now permanent," says: "Great Britain is too weak and exhausted to undertake isolated action, and, wishing to prevent other powers from obtaining more than herself, she insists upon the maintenance of statu quo."

## SHATTERED THE WALLS

Burying Brave Fire Laddies Engaged in Fighting a Fierce Blaze.

### A TANK OF GASOLINE EXPLODES.

Four Men Killed and Others Injured During the Progress of an Incendiary Fire at St. Paul—The Losses.

St. Paul, Oct. 22.—As a result of a fire which broke out in the slaughter pen of A. V. Ilmman & Company's packing house at the Minnesota transfer, four firemen are dead and a number of others are injured and property to the amount of about \$150,000 was burned.

The dead: Second Assistant Fire Chief William H. Irvine, Lieutenant Frank M. Edry, Firemen Burt Irish and Louis Wagner. The injured: Firemen Andrew Johnson, William Field.

The fire is supposed to have been incendiary. From the packing house the flames spread to the warehouse of the Northwestern Lime company, thence to the McCormick Harvester company's large brick warehouse, filled with farm machinery. It was here that the fatalities occurred. The firemen of Engine Company No. 13 had entered the McCormick warehouse to better fight the flames. There was a tank containing 200 gallons of gasoline in the rear of the building and its explosion shattered the walls, which buried the men. The bodies of the other victims have all been recovered.

The McCormick Harvester company was the heaviest loser, their loss footing up \$380,000. Of this \$50,000 was on buildings and \$300,000 on stocks and notes. They carry no insurance. The total loss will reach \$450,000.

### Tortured and Massacred.

Victoria, B. C., Oct. 22.—According to a correspondent of the Shanghai Mercury, Bishop Fontasati, in South Honan, was tortured four hours by Chinese. His body was dismembered piece by piece and he was disemboweled. Two priests were covered with coal oil and placed in sticks, which were then set afire. Others were frightfully tortured. Three thousand converts, led by French priests, while defending their church, were massacred.

### Home, but I I.

Detroit, Oct. 22.—Baroness Von Ketteler, widow of the murdered German ambassador to China, arrived in Detroit and was immediately driven to the residence of her father, Henry B. Ledyard, president of the Michigan Central. No one was permitted to see her. When seen at his residence Mr. Ledyard said that the baroness was suffering from nervous prostration, but stood the journey from Peking to Detroit as well as could have been expected.

### Japan's New Cabinet.

London, Oct. 22.—A Yokohama correspondent, describing the new cabinet formed by Marquis Ito Oct. 19 as a "curious experiment," says: "Demagogues who had been fighting the government for years have been admitted. Some of them have remarkably chequered careers. One, the son of a plasterer, has been in prison for opposing the government and was expelled from the diet and deported. Another suffered 10 years' imprisonment for conspiring to overthrow the government."

### Trial of the Airship.

Friedrichshaven, Wurtemberg, Oct. 22.—Another trial of Count Zeppelin's airship was made, resulting in a series of successful evolutions. The airship, with Count Zeppelin and Herr Eugen Wolff on board, ascended to an altitude of five-eighths of a mile, where various maneuvers were executed. It then descended slowly to the water, which it reached near the point of departure. The King and Queen of Wurtemberg witnessed the trial.

### Awarded to Americans.

London, Oct. 22.—The Cape Town correspondent of The Daily Mail says: "Despite all denials, I learn that large orders for coal trucks to be used in Transvaal colony have been placed in the United States at prices for delivery here which are 20 per cent below English prices, while the Americans have contracted to deliver in half the time required by the English."

Columbus, O., Oct. 22.—Akron Laundry company, \$20,000; Cincinnati Interurban Railroad company, Cincinnati, \$10,000; Jewell Carriage company, Hamilton, \$100,000; Mt. Vernon Bridge company, Mt. Vernon, \$100,000.

### Tired of Life.

## WOOD AT WASHINGTON.

When He Returns to Cuba Will Take His Family Along.

New York, Oct. 22.—Major General Wood, governor of Cuba, arrived Saturday from Havana. He proceeded immediately to Washington, and will return to Havana by way of Tampa. General Wood said he had come at the request of the department, and also to make preparations to take his family to Cuba. He will return to Havana before the end of October. He said affairs are quiet in Cuba and the people are busy preparing for the constitutional convention, which meets Nov. 5. The death rate in Havana, including yellow fever, is smaller than for many years. The recent increase in yellow fever cases is attributed to the large immigration of Spaniards. The immigrants are not immune and are susceptible to the disease not only on this account, but from the fact that they have no conception of sanitation when exposed to effects of the disease.

### Home From War.

Atlanta, Oct. 22.—Booker T. Washington, president of the Tuskegee (Ala.) Normal and Industrial Institute, for negroes, announces that officials of the German government closed a contract with his school to furnish students to introduce cotton raising among natives in the German colony on the west coast of Africa. Nov. 3 a party of students, equipped with cotton, plows, wagons and carpenter tools, will sail for New York for the new fields. The Germans will pay all expenses of the expedition, which is regarded as the beginning of a formidable competition with America in the cotton raising industry.

### Colored Cotton Raisers.

San Francisco, Oct. 22.—Among the invalid soldiers who arrived on the transport Sherman is First Lieutenant G. W. Lee of the Thirty-ninth infantry, son of Brigadier General Fitzhugh Lee, now at Havana. He is suffering from disease contracted in the jungles of southern Luzon. Lieutenant Lee says the Filipinos usually fire from ambush, aiming at the American officers. He saw Captain W. L. Murphy of his regiment shot down by natives concealed in a hut.

### Weekly Bank Statement.

### Morris Was Nervous.

Chicago, Oct. 22.—Simon I. Morris, who was arrested on a charge of plotting to kill John W. Gates, former president of the American Steel and Wire company, and William G. Brivson, general manager of the Kansas City and Southern Railway company, was arraigned in police court. Owing to his nervous condition he was granted a continuance until Oct. 30.

### Indians Threaten Trouble.

Fort Worth, Tex., Oct. 22.—Much uneasiness is felt over the suspicious actions of Chief Chitto Harjo and the band of Creek Indians in the Creek nation. Indian officers have been sent to the scene to make investigation of the reported rebellion. The Indians are said to be holding a council of their own in defense of the laws of the Creek nation and trouble is feared.

### Burning the Debris.

Galveston, Oct. 22.—The fire department commenced the work of burning immense drifts of wreckage from the hurricane of Sept. 8. Hundreds of bodies and thousands of dollars worth of valuables will be thus cremated. It is considered the only practical way of cleaning the city. The work is expected to be finished inside of a week. The first electric cars since the hurricane were run Saturday.

### Armenian Outrages.

Paris, Oct. 22.—A special dispatch from Constantinople to the Petit Bleu says new and frightful massacres of Armenians have just occurred in the district of Diarbekir. The Mussulmans, it is asserted, pillaged, outraged and killed during five days without the intervention of Turkish troops. Eight villages, it is added, were entirely destroyed and burned.

Milwaukee, Oct. 22.—Judge Neelin in the municipal court rendered his decision in the osteopathy case finding Owen A. L. Thompson, an osteopath, guilty of unlawfully assuming the title of "doctor." The suit was instituted by the state medical board and was a test case. The case will be appealed.

## OPERATORS TO BLAME.

Mitchell on the Responsibility for the Continuation of the Strike.

### ONLY ONE-HALF OF THEM IN LINE.

Insists That There Can Be No Partial Sectional Settlement of the Difficulty—Officials on the Outcome.

Hazleton, Pa., Oct. 22.—When President Mitchell of the United Mine Workers was asked what he had to say in regard to a settlement of the anthracite coal miners' strike, he said:

"As there appears to be some disposition on the part of the public to place the responsibility for the prolongation of the strike on the shoulders of the mine workers, speaking for them, I want to say that when the Scranton convention accepted the 10 per cent advance in wages, providing the operators abolished the sliding scale and guaranteed the payment of the advance until April 1, the miners met the operators more than half way. They had shown conciliatory spirit and I know of no good reason why the proposition should not have been accepted by the operators."

"As a consequence the responsibility for the continuation of the strike rests solely upon the failure of the operators to treat the proposition of their employees considerately. The public should understand that, satisfactory as is the proposition of the operators who make the reduction in the price of powder a part of the advance of 10 per cent, even this proposition has not been offered by a very large number of the coal-producing companies in the anthracite region, and until all companies guarantee the payment of the 10 per cent advance above the rate of wages paid on Sept. 20 until April 1, according to the decision of the Scranton convention, the miners are powerless to act. I want to repeat again that there can be no partial sectional settlement of this strike."

"Companies which produce about 65 per cent of the total production of the anthracite coal fields have guaranteed the payment of the 10 per cent advance and have abolished the sliding scale. When all the companies have done this, then I will have something to say."

When it was suggested to him that there might be a break in the ranks of the strikers if the contest was to continue much longer he said that not one man will go back to the mines until they are officially notified to return.

### These Men Satisfied.

Scranton, Pa., Oct. 22.—A meeting of the presidents of the Scranton local unions of the United Mine Workers was held to discuss the advisability of taking aggressive steps towards closing up the washeries. After carefully canvassing the situation it was decided to let the matter rest for a while. The general situation was also discussed and one of the presidents at the conclusion of the meeting stated that in his judgment the men would be perfectly satisfied to accept the 10 per cent offer with the powder clause included.

### Operators Stubborn.

Shamokin, Pa., Oct. 22.—A prominent local official of the Union Coal company says the company positively refuses to concede any of the demands of the Scranton convention. The company claims that their busy season has been ruined by the strike and they do not care whether the strike is settled, feeling positive that they can hold out much longer than the striking miners. The company controls four large collieries in the Shamokin region.

### Expect Concessions.

Wilkesbarre, Pa., Oct. 22.—The general belief here is that the coming week will see the wind-up of the strike. The strikers do not admit this openly, but it is the feeling that the lockout can not be continued much longer. Both sides are expected to make concessions.

### Pastor Stricken.

Lexington, Ky., Oct. 22.—While Rev. F. V. Bartlett, who has been pastor of the First Presbyterian church here for 26 years, was in the midst of prayer at the morning service, he suffered a stroke of paralysis, being rendered dumb and helpless. He was carried from the pulpit to his home. He has since recovered his speech but his faculties are still affected.

Washington, Oct. 22.—President and Mrs. McKinley, accompanied by Secretary Cortelyou, Dr. Rixey and one or two clerks, will leave here Monday evening for Canton, where they will remain until election day. According to present plans the party will leave Canton for Washington soon after the president has deposited his vote.

## BOURKE COCHRAN ON JEFFERSON AND MCKINLEY.

"Jefferson took territory to avoid war; McKinley is making war to take territory. Jefferson took contiguous territory to do justice and avoid the provocations of war in the future; McKinley is taking useless and remote territory, which, if he succeeds in subduing, will cause future contests without number. Jefferson took territory to incorporate into a union of states and extend over it the beneficent influence of our Constitution and the glory of our flag; McKinley is seizing territory, not to expand our Constitutional government over it, but to turn it over to officeholders, to be exploited and plundered by syndicates and favorites."

## TRUST METHODS.

The San Francisco Call explains how the tobacco trust successfully worked a bluff on the dealers of Los Angeles not long ago. The method of dictation is not limited to the tobacco trust. It is nothing but a realized "stand and deliver" command of the old fashioned highwayman. This is the Call's story: "I'll give you just fifteen minutes to stop the sale of all outside tobacco and handle only the goods of the American Tobacco Company," said Herman Heyneman, of this city, as he faced the tobacco dealers of Los Angeles at a meeting in that city.

Coolly pulling out his watch Heyneman noted the time, and laying his time-piece on the table, proceeded to explain his position more fully.

"We want you to handle our goods, and I haven't the time to argue the question with you. If you do not agree at once to do so, all that I have to say is that I have a carload of goods here and thirty-five men to sell them. If you do not agree within fifteen minutes to handle our goods exclusively I'll set these men to work and cut prices 50 per cent."

And the bluff worked, according to the story going the rounds, and generally believed in business circles. The dealers came to time before the fifteen minutes expired and entered into an agreement to handle exclusively the goods of the American Tobacco Company.

## BRADLEY.

Ex-Governor Bradley was finally cornered and forced to make a declaration as to his knowledge of the plot to assassinate Goebel. In a speech at Lexington he took occasion to vehemently deny the charge that he had any information of such a plot. He asserted that he had been excused by counsel for the defense from testifying in the Powers and Youtsey trial for the reason that he knew nothing to tell. That all sounds very nice, but why didn't he get on the stand and deny it under oath? The charge was made by a Republican, Culton, in his sworn testimony, and if Mr. Bradley really had no knowledge bearing on the plot, why has he never gone on the witness stand (where the charge was made) and said so? That was the only proper way to get his denial before the jury, and he knows it. In his closing speech in the Youtsey case, Commonwealth's Attorney Franklin made this statement:

"Look at the testimony in this case, showing to a certainty that Bradley and Yost had foreknowledge of a plot to commit wholesale murder in the House and Senate. Why aren't they here? Why don't they come to the defense of this man?"

Again Mr. Crawford nodded assent. Mr. Franklin then entered into a discussion of the testimony in the case. He showed how Culton and Golden, the two accomplices, were corroborated in detail by numerous witnesses.

The Mr. Crawford, who "nodded assent," is a half brother of Youtsey and is one of the attorneys for defense, who Mr. Bradley says, "excused" him from testifying because "he knew nothing to tell." Another denial is now in order from Mr. Bradley.

## NEW ELECTION LAW AT LAST.

The Legislature Saturday finally passed a new election law, and it will be enrolled and sent to the Governor to-day.

"The new law," says the Courier-Journal, "is substantially the same measure which the Democrats of the House—including the Brown Democrats—passed some time ago, except that the Sheriff of each county is made the umpire of the County Board. The bill might have been enacted into a law in time to become operative at the approaching election but for the capacious opposition of Republicans and Brown Democrats in the Senate, who, holding a majority in that body, insisted upon numerous minor amendments, only to abandon them after they had served the purpose of obstruct-

ing the passage of an election bill until too late to make a new law operative at the November election. Had these Senators done two weeks or ten days ago what they have now done, the election to be held next month would have been conducted under the new law."

The main features of the new law are as follows:

A State Board of three members, the umpire to be the Clerk of the Court of Appeals, and one Democrat and one Republican to be appointed by the Governor, on recommendation of the State Central Committee of the two respective political parties.

County boards to consist of three members, the umpire to be the Sheriff of the county, or the Circuit Clerk in counties having no Sheriff, and the two members to be appointed by the State Board from lists of five names each submitted by the regularly recognized county committees of the two political parties.

An equal division of the election officers are to be appointed by the county boards from lists of eight submitted by the County Committees of the two leading political parties.

No election officers to be changed within five days of an election.

Nothing is said as to the power of the election boards, but it is agreed both by Republicans and Democrats that the courts have settled that question by holding that the duties of the board are purely ministerial unless otherwise provided.

## BRYAN THE IDOL OF THE GREAT COMMON PEOPLE.

Bryan was greeted with another remarkable ovation at Auburn, N. Y., Friday. We'll let the New York Post, a Republican paper, describe his reception:

"Such significant things were said to your correspondent from time to time. They tell plainly what kind of a place Mr. Bryan has in the hearts of the 'common people,' for this is a typical industrial city of the State.

Mr. Bryan was cheered and followed by a great crowd from the moment he appeared until he was a hundred yards out of the station on his way to Ithaca. When his speech was over the crowd made for him with an earnestness that could not be withstood by the whole police force of the city. The platform was broken, the chairs and tables were ground to pieces by a throng of yelling people, who disregarded the safety of the women and children altogether. They seized Mr. Bryan's hands and patted him on the back, and would have crowded him to his hurt if they had not been appealed to.

They then wanted to carry him on their shoulders and take the horses from the carriage. They kept up with him on his way to the station, and cheered madly when he at last reached a place on the rear platform.

The enthusiasm at Auburn seemed to fire Mr. Bryan. He spoke with greater force and magnetism than in other places; he seemed to be impressed with the fact that he had an opportunity. The Democratic managers had told him that the city was ripe for conversion, and he spoke as though bent on reaping a harvest. It may be said that the enthusiasm increased rapidly through the hour, and that it continued the rest of the morning. The street comment was loudly favorable to the candidate, and it was generally thought that he made a decided impression. The Democratic managers are jubilant.

If there ever was a candidate that the Democracy of Mason County and the Ninth district should give a hearty support that candidate is the Hon. James N. Kehoe.

## JUDGES GRAY AND DALLAS.

Two Federal Jurists of the East Will Vote For Bryan—Opposed to Imperialism.

New York, October 18.—A dispatch from Wilmington, Del., to the Herald says:

"It is said on excellent authority that Judge George Gray, of the United States Circuit Court, former Senator from this State, Paris Treaty Commissioner, and recently appointed by President McKinley a member from the United States on the International Arbitration Tribunal provided for by The Hague, is going to vote for William J. Bryan for President.

Judge Gray has had the matter under consideration for some time, but has decided not to make a formal statement of his views. He thinks, so his friends say, that a formal statement at this time would be unbecoming, because of his judicial position. Judge Gray, however, has taken no pains to withhold his views from his closest political and social friends.

It is also understood here that Judge George M. Dallas, of Philadelphia, who is on the same circuit with Judge Gray, proposes to vote for Bryan for President, but also will make no formal public announcement of the fact.

Andrew C. Gray, son of Judge Gray, is one of the leading young lawyers of this city. Like his father, four years ago he supported the Palmer-Buckner ticket because of the silver question, but this campaign he is making speeches for Bryan in all parts of the State.

Several reasons are given by Judge Gray's friends as to why he proposes to

vote for Bryan. In the first place, Judge Gray considers, so it is said, that the free and unlimited coinage of silver is not an issue. The Judge is bitterly opposed to imperialism, militarism and trusts, and, in fact, objects to almost the whole policy of the McKinley administration.

In this connection it is also stated that Judge Gray, when a Commissioner to Paris to make the treaty, was opposed to taking any of the Philippine Islands, and in this was sustained by Judge Day, of Ohio, but the two were voted down by the other three Commissioners.

It is said that when Mr. Gray accepted the position of Commissioner to Paris the instructions were that only a coaling station at Luzon was to be held.

## THE CAMPAIGN.

Col. Bennett Young at the Court House This Afternoon—Judge Phister at Limestone Fire Hall Tonight.

Don't fail to hear Col. Bennett Young, of Louisville, at court house this afternoon. The speaking begins at 1:30. Colonel Young, who was assailed by Governor Bradley at Lexington last week, proposes to warm things up for the ex-Governor. He said Saturday: "Bradley says he is not going to take any notice of me in the future, but I shall take notice of him; in fact, I shall notice him at some length. It is too late for Bradley to run out of the fight now. He started the fight. He began personalities and I propose to end them. I am getting my papers into shape now."

Judge Phister will address the East End Bryan, Beckham and Kehoe club to-night at Limestone fire hall, Sixth ward. The Judge is an eloquent speaker and is always entertaining and instructive. Everybody is invited to hear him.

The Democrats of Harrison County held a great rally at Berry Saturday which was attended by about 5,000 people. A parade of Democratic clubs was a feature of the meeting. Speeches were delivered by Attorney General Breckinridge, Col. John R. Allen, of Lexington, Mr. C. Burgess Taylor, of this city, and Mr. Cliff Nadaud, of Covington.

The rally of Marion County Democrats at Lebanon was the biggest political gathering ever seen there. One thousand men took part in a horseback parade.

## SKULL AND BONES

Left on a Colored Democrat's Doorstep in Kentucky.

LEXINGTON, Ky., October 18.—President S. P. Mitchell, of the National Association of Colored Democratic Clubs, spoke at the Auditorium to-night to about 900 negroes. Mitchell removed from Indianapolis, Ind., to Midway, Ky., in Woodford County, about a year ago. To-night he said that he would come to Lexington to reside because of the fact that his life had been repeatedly threatened unless he discontinued his efforts in behalf of Democracy.

"Last week," he said, "the skull and bones of a dead man were left on my porch and with the grewsome collection was a note telling me that unless I quit preaching the doctrine of Democracy I would meet the fate of Goebel. I will sell my property in Midway and leave the place, but I will not cease my efforts for Bryan."

Mr. Samuel B. Chunn, after spending a few days at home, returned to Huntington, W. Va., yesterday, where he has a large contract for building.

HON. JAMES N. KEHOE,

The Democratic Candidate for Congress From This District. Meets With a Painful Accident.

Hon. James N. Kehoe, while campaigning in Lawrence County last Wednesday had the misfortune to sprain his right ankle. While the injury was painful, yet it did not retard his campaign work. Aided by his indomitable will and spurred on by the satisfaction of being able to carry the banner so unanimously placed in his hands by the Democracy of the district he continued to fill his engagements.

After completing his tour of Lawrence County he spent Saturday in Ashland where he met a large number of the voters of that city and surrounding country. In the evening while endeavoring to catch a street car for Catlettsburg he stepped on a stone, giving the injured ankle another wrench. Though suffering intense pain, he proceeded to Catlettsburg, where he made a two hours speech to a large and enthusiastic audience.

Feeling fairly well he left for home Sunday morning, arriving here about 9 a. m., accompanied by Mr. W. W. Dugan of Vanceburg. When the train reached this city his ankle had become so painful he could not walk and while being conveyed home he fainted. He rested well yesterday and last night, and while his injuries are still very painful he is determined they shall not prevent him from filling his appointments, so he left for Flemingsburg this morning.

The sincere wish of his host of friends is that he may be speedily restored to his usual good health.

AN OLD CITIZEN GONE.

Death of the Venerable J. W. Hancock Saturday Afternoon at His Home in the Fifth Ward.

Death claimed another old citizen of Maysville Saturday in the person of the venerable J. W. Hancock, who passed away at 8 o'clock at his home on Third street, near January Park. He had been in feeble condition for some time as a result of the infirmities of old age.

THE YOUTSEY CASE.

Physicians Say He is Either Shamming or Crazy—Guilty and Given a Life Sentence in Prison.

Another one of the Goebel conspirators has been adjudged guilty. This time it is Youtsey who was given a life sentence in prison Saturday, for his participation in the foul assassination. The evidence against him was probably stronger than against any of the rest of the plotters, and even his attorneys, it is said, did not hope for an acquittal.

Saturday afternoon Youtsey's physicians were requested to make authorized statement for the public as to what is and has been Youtsey's real condition, and after a conference Dr. Knox, with Dr. Carrick's advice and consent, gave some startling information. He said that Youtsey is either shamming or else is absolutely crazy; that his physical condition is normal and has been nearly every day since his hysterics last week; that when his physicians were in his room he refused to take any food, but would take it after they left; that his pulse increased as soon as the verdict was read Saturday morning, and a few moments later he was crying.

On the stand the physicians said the pupils of Youtsey's eyes were contracted, but that they had given no opiates.

### NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our  
Country Correspondents.

GERMANTOWN, October 19th.—As formerly announced, the marriage of Mr. D. Welburn Rees and Miss Mary Poage was solemnized at noon in the Christian Church Wednesday. The church was beautifully decorated and with the lights delicately shaded made the altar the appearance of a heavenly bower. At the appointed time the bridal party arrived and to the sweet strains of the wedding march played by Mr. Miles Wilson (1 August), they proceeded to the altar, led by two ushers on either side—Miss Maud Reynolds and Miss Laura Lloyd, followed by the bride on the arm of her cousin, Mr. Dan Lloyd, and Mrs. Gussie Lloyd and Miss Lillie Poage. Then came the groom with his best man, Mr. Elijah Kirk. It was a picture faultless in appearance. The bride was beautiful in white organdie with silk trimmings, the veil enhancing her beauty. The ushers were gracefully gowned in white organdies, and carried exquisite bouquets of daisies. The ceremony was very impressively pronounced by Elder Wm. Hall. After the marriage they repaired to the home of her uncle, Mr. Evan Lloyd, where a sumptuous dinner was served to the most intimate friends and near relatives. The bridal party left on the 4 o'clock train for an eastern trip, followed by the best wishes of a host of friends.

Mr. and Mrs. A. R. Fowler are at the bedside of her sister, Mrs. Shepherd, at Fairview.

Mrs. A. Williams is visiting her sister in Patoka, Illinois.

C. V. McKinney and wife left for a visit to her friend, Mrs. Etna Adams, at Newport, and expect to visit Louisville before returning.

Mrs. Walter Pollock is quite sick at this writing.

Died, Monday, at six o'clock, George Estep, after a lingering illness of consumption. He was buried at Shannon; funeral by Rev. Wightman.

A fishing party composed of J. R. Hummel and son, Neal, Simon Walton and Carl Erwin, Misses Ida Black, Teresa Erwin, Anna Laura, Charles and Mary Tolman, went for a sojourn of two weeks in the mountains.

#### Cincinnati Tobacco Market.

The Cincinnati Tobacco Warehouse Company in its circular for the week has the following:

"As a whole the tobacco market was conceded to be a shade stronger than last week. The betterment in the market was not so noticeable in prices bid as it was in the activity of the bidding and the uniform strength in the demand from the opening to the close of the week.

"Good bright cutters and natural leaf fillers were in active request and appreciably higher, of which quite a number of hogheads in this class sold at from \$15 to \$17. The better grades of navy fillers sold better, and when strictly good or of high grade sold fully 1 cent higher. Good medium red fillers and tip leaf, that was clear, showing no dark or green in the samples, was firm and in active request, and, as a rule, sold a bid or two higher than the same sort brought the week before. The common nondescript grades sold well, but are not notably higher. The same may also be said for the medium grades of trashes and lugs. These sorts were not neglected, but by comparison the demand for filler types was stronger.

"Five hds. of the new crop were sold here this week. One grown in Bourbon County (Ky.) consisting of three hds. sold at \$1.20, \$6.10 and \$5.20, averaging \$6.20. It was claimed for this crop that it was one of the best, if not the best, grown in that county this year. The other crop referred to was grown in Greenup County, Kentucky. It was a small one, consisting of two hds. and sold at \$3.40 and \$4.50.

#### The Sunday School Union.

#### DEATH IN ITS WAKE.

A Tornado Sweeps Over a Section of a County in Texas.

Atlanta, Tex., Oct. 22. — A tornado struck about half a mile west of Lodi and 15 miles west of here. The path of the tornado was 200 yards wide and the wind swept everything before it. One house in the center of its path occupied by colored people was destroyed, six people being killed outright, and three others are missing, who are supposed to be dead. The cyclone traveled from the southwest to the northwest, crossing the Texas and Pacific railroad at Campbellville spur, a lumber loading station two miles north of Lodi. The lumber was carried away in all directions. It is feared further loss of life has resulted out in the country.

#### Agreement Approved.

Berlin, Oct. 22.—With the exception of a few anti-British journals, the entire German press approves the Anglo-German agreement. Its effect upon Russia excites keen curiosity, it being no secret that the relations between Germany and Russia have lately become cooler.
